

## Guidelines for Rouge Rescue Registrars

---

Welcome each person and let them know how much their help and interest is appreciated.

Make sure all individuals are registered before distributing work gloves, trash bags, t-shirts, and before assigning tasks.

**REGISTRATION FORMS:** It is very important that everyone signs in on the official Registration Form.

- ◊ Registration forms contain a waiver and liability release. Encourage registrants to read the waiver before signing.
- ◊ Registration forms provide a record of who and how many people participated.
- ◊ Ask volunteers to PRINT CLEARLY and fill out the registration form COMPLETELY, including ZIP code.
- ◊ One adult may sign (Parent's Signature) for minors, after the minors have registered. That adult is then responsible for the supervision of those minors. (Children aged 12 or under MUST have adult supervision)

Know the identity of the site coordinator, supervisors, and crew chiefs.

Know the location of:

- ◊ Restrooms or portable toilets
- ◊ First Aid
- ◊ Drinking water and refreshments

Friends of the Rouge Memberships - Please encourage the volunteers to consider becoming a member of Friends of the Rouge (FOTR). Members are crucial to the survival of the organization, as their support helps to sustain all of the important education programs and restoration efforts of FOTR as well as strengthen FOTR's voice on behalf of the Rouge River and local environment.
