      European Frogbit Surveys. A total of 231 sites in Oakland County were surveyed in partnership with Oakland County CISMA (Cooperative Invasive Species Management Area). We are also looking for additional ways to support Oakland County CISMA’s work.
We are working with the University of Maryland on a Watershed Report Card; a way to demonstrate the health of the watershed. Not only the River Rouge watershed, but also the Huron, Clinton, River Raisin, and Detroit Rivers as well. There will be individual report cards and a regional report card. Virtual Meeting via Zoom

September 14, 2022

MMC: Suggested to proceed without a Secretary for the next month, to give people a chance to think about it. Also, not all the Board Members were not present at this meeting. Suggested sending an email out to all Board Members; appointing an Interim Secretary, which could be done by e-vote.

AB: Tabled the Secretary vacancy for the next month while the search goes on.

AB: Asked for updates on upcoming elections.

Mike McN: We have five individuals whose terms expire the end of this year. I need to re-confirm with three of the five that those three will be staying on for another term if they are elected. Tyler Schmidt is a candidate for the two remaining positions, which leaves one potential vacancy. Asked Board Members to reach out to their contacts for potential candidates. Need to finalize the list for the November Board Meeting ballots.

AB: Opened the floor for questions. (None.)

**i  Fund Development Committee**

AB: Move on to the Fund Development Committee. Congratulations on the success of the Heart of the Rouge fundraiser. Thanked all the Board Members’ involvement, sponsorships; Lara Edwards (LE) for living and breathing the event for months beforehand, Karen Hanna (KH) and the rest of the Staff. Turned the floor over to LE.

LE: Thanked everyone for volunteering, securing sponsorships, logistics, etc.. Recapped the event and advised that FOTR made a profit on the event, even though by most standards an event is successful if they break even.

MMC: Thanked and praised everyone involved for stepping up in her absence and “crushing it.” Quoted Rebecca Essleman: “You know the strength of your team when something happens that you’re not there; and they do everything well and amazing without you.”

KH: This will be a biennial event, alternating with the Rouge Cruise on the Diamond Belle. The Heart of the Rouge event will be held at a different location each time, to help spread awareness.

EL: Congratulated Lara and everyone on the success and ambiance of the event, noted how everyone seemed very happy at the event.

AB: Giving Tuesday in November will be our next major fundraiser. Asked the Board for support in making a 100% match of donors, posting on social media, reaching out to help promote Giving Tuesday. Emails will be coming out in the near future. Opened the floor for any final additions, comments, etc.. (None.)

**j  Finance Committee/Treasurer**

- May, June, July financials
- Q3 Budget amendments
- Audit and 990 review and approval
Carol Snodgrass (CS) introduced Monica Kalosis (MK), from Cole, Newton, and Duran auditing firm who talked about the 990 and audit drafts.

MK: The audit did not have an opinion; therefore, was essentially a “clean” audit. No misappropriation or wrongdoing was found. No changes from prior year. Noted that next year there will be some changes to the 990. She appreciated the help KH gave, because the former audit partner retired and the former audit manager left. Opened the floor for questions.

CS: Asked the group whether a motion should be made to accept the draft of the audit.

KH: Yes, a motion should be made and supported, then opened for discussion.

CS: Make a motion to approve the draft of the audit as Monica presented it. DN supported.

KH: Asked if the 990 is included or separate for that motion.

MMC: Clarified that when a motion is called for, the language should be “Can I get a motion to approve the audit?” The person calling for the motion cannot make the motion.

CS: OK. I call for a motion to approve the audit along with the 990.

MMC: The 990 is a separate motion.

AB: I make a motion to approve the audit.

SL/ST: Seconded the motion.

AB: Any discussion?

MT: Are all of these in their final form?

KH: This is the final form, once we approve it, they will send us a final version.

MK: It’s considered a draft until the client reviews and approves it, makes any changes/additions/ to it, etc.. Once the audit draft has been reviewed and approved, it becomes the final form. You will then get the opinion attached to it and signed. The draft designation will be removed.

MT: Thank you.

AB: Called for the vote. Unanimously passed.

AB: Called for motion to approve the 990.

SL: Made the motion. ST: Second. AB: Discussion. (None) Called for the vote, unanimously passed.

CS: The Board Packet includes reports from May, June, and July. On the July report, there was a large increase due to the Ralph C. Wilson Jr., Foundation grant money. Karen also gave me the breakdown on the party. Revenue was around $54,000, expenses were around $22,000; net income was $31,500. Called for questions on the Treasurer’s report. (None)

AB: Called for a motion to accept the Treasurer’s Report for the May/June/July financials. SL: Made the motion. Mike: Seconded. AB: Opened for discussion. (None.) AB: Called for the vote. Motion passed unanimously.
AB: Moving on to the budget amendments.
CS: We have an amendment to the budget because some grant money came in, we hired a part-time landscape architect instead of full time, and MMC suggested raising the taxable health insurance benefit from $4,500 to $6,000 per full-time employee, to facilitate employee retention.
MMC further pointed out that FOTR is far behind like-sized organizations in health benefits and this increase to $6,000 is a stop-gap measure to retain our prized employees and attract future qualified staff. There will be a future request for a more robust health care package.
CS: Opened the floor for questions.
SL and MT: Expressed support for MMC’s comments.
JEA: What will the premium cost and deductible(s) be for the stopgap measure?
MMC: We are still weighing our options on those details; there is much to consider.
KH: In the future, we want to be able to give the employee a menu of options, not just the one plan we have now.
MMC: We are asking today for the stopgap allowance, with further discussion and investigation of options to be done by the Executive Committee.
MT: What would the timeline be?
KH: Our policy comes up for renewal in November, we are hoping to carefully “rush” this process before that time or alternatively, before the first of the year.
AB: Called for a motion to approve the budget amendments as presented.
MT: So moved.
PD: Second.
AB: Any other discussion? All in favor? Any opposed?
Motion carried unanimously.

k Advocacy Committee
DN had to sign off, MMC gave the update.
